

Telephone & Voicemail Systems

We can install, configure, and repair many different brands of phone systems. All of the systems we sell can be setup for voice over internet protocol (VOIP). Our technicians carry certifications on NEC, Toshiba, Cisco, Nortel, Avaya, Lucent, Panasonic, Mitel, and many other popular manufacturers.

We are an authorized for Toshiba telecommunications division and Cisco systems. As an authorized dealer, we offer our clients superior service and products. Our staff is constantly learning about the new features and technologies through exclusive training.

As authorized sales representatives of voice and data services, we can order and assess the services your company needs. Call us to find out how we can save you money on your current voice or data service.

Check out our products page here to learn more about our phone systems.
